Dear Parents,

At our school we are teaching early reading and spelling using phonics. Phonics Hero is an online interactive games website which reinforces the learning that is happening in our classrooms. This program teaches children the phonemes, and then how to blend to read and segment to spell words. It also reinforces the teaching of camera/sight words, which are frequently used words that are tricky to sound out.

As a school we can purchase a subscription for your child for \$_____ that lasts for one year (if you purchase online it is \$_____ for 6 months!). This is a great resource to practise at home and to keep up children's learning through the holidays.
